QUAINT OLD SONATA IS PLAYED BY POLK

Violiniist Includes a von Biber in Aeolian Recital.

Rudolnh Polk, violinist, gave a recital last evening in Acolian Hall. This young man, who is a New Yorker, studied chiefly in Germany and played in Berlin before the war. Returning home two years ago he entered the army and served his country. He has now re-sumed the practice of his art without expectation of repeating his success in the

former seat of German empire.

His programme had one uncommon item, to wit, the C minor sonata of Heinrich J. Franz von Biber, who was born in Bohemia so long ago as 1644, and died in 1704 in Salzburg. Four of the largest tire companies use the L.B. Automatic index-

There is no secret about the reason.

They use the L. B. Automatic index because it is quick, accurate and understandable. They use it because it is the best system of filing and un-filing ever devised. They wouldn't have it around for ten minutes if it wasn't.

Any filing system that stands-up and delivers for four of

the largest tire companies in the world just has to be

good. Few businesses have grown so rapidly. Few have

such a tremendous mass of detail. The L. B. Automatic index has cheerfully carried the load and come through without a puncture.

It is quick as a flash and as accurate as mathematics. It checks and double checks itself against errors. It removes every excuse for making mistakes. And yet it is simple!

Come in and put it to the test yourself. The L. B. Automatic index is as adaptable to the needs of the man in the small office as to the business that covers acres.
